

Elders Photo Album text and dedication

Vuntut Gwitchin Heritage has been compiling an oral history archive for over a decade, comprised of audio, video, photographs and other visual records. Some of the material was gathered from the past, from the collections of individuals. Much of the archive was provided directly by Elders and other Van Tat Gwich'in, who generously and patiently shared their knowledge and recollections.

This photo album is a gift of thanks. It represents photographs of people and places that we currently have in our collection. It carries our gratitude and respect to the people represented here, along with their husbands and wives and many others, as well as to all those who shared our vision and values of documenting and supporting Van Tat Gwich'in heritage.

Mahsi' Choo!

Dedicated to Van Tat Gwich'in Elders: Past, Present and Future
